WHO WE ARE

As our name implies, we use technology to create decking and railing for your backyard that is sustainable, long lasting, and low maintenance. When it comes to outdoor living, innovation and inspiration are at the heart of all we do. Plain and simple.

WE ARE TIMBERTECH — GO AGAINST THE GRAIN® WITH US.

WHAT WE'RE MADE OF

Our products align with our core value: Always do the right thing. That means doing right by you and by the planet. In fact, more than one million trees and counting have been saved because customers like you choose TimberTech decking.

TimberTech decking is made with a majority of recycled materials, including recycled wood and plastics. We use more than 145 million pounds of recycled material every year. Plus, our products are sustainably manufactured with hundreds of gallons of recycled water and, in 2019, we diverted approximately 290 million pounds of recycled waste and scrap from landfills.

WE DON'T CUT DOWN TREES; WE RESPECT THEM.

Deck Design Options

Below you'll find a range of boards available to you while you plan your new TimberTech deck. Start by choosing the color and wood grain pattern that speaks to your style.

COLOR NUANCES

With TimberTech, you have a wide range of color options to choose from. These colors are found in real wood and feature colors on the spectrum of **solid, single colors** for a painted wood look to a more dramatic **color-blending of highlights and lowlights** that resemble premium hardwoods. The degree of color blending differs by collection.

BOARD FINISHES

Browse wood grain patterns and finishes available to you. Choose from the charming look of hand-scraped boards or the more high-end look of a wire-brushed, low-gloss finish. This is where the personality of our boards really shines through.

FASTENING

Focused on Fasteners

STRONG. SECURE. DISCREET.

These high-quality fasteners give decks added strength and integrity for years to come.

COLOR-MATCHED FASTENING

High-quality steel screws that blend into decks and make holes less visible due to the color-matched screw heads.

HIDDEN FASTENING

Hidden fasteners provide a fastener-free surface by discreetly fastening into the side and grooves of boards – or each screw being imperceptibly plugged from the top.

BOARD PROFILES

SQUARE SHOULDER

GROOVED

Square shoulder boards allow for top down fastening, while grooved boards are designed for hidden fasteners.

COLOR-MATCHED FASTENERS FOR ALL DECK BOARDS

TOPLoc® FOR AZEK

TOPLoc®

Color-matched face fasteners blend in with your TimberTech decking.

TOPLoc® FOR PRO & EDGE

TOPLoc® FASCIA FOR AZEK

HIDDEN FASTENERS FOR GROOVED BOARDS

FUSIONLoc®

Collated hidden fastener system engineered for strength and speed. FUSIONLoc® offers pneumatic installation with the FiveSHOT Gun or hand-driven installation. Every clip provides three points of board-to-joist connection and allows for boards in the middle of a deck to easily be removed.

CONCEALoc®

Hidden fastener system that can be installed pneumatically with the FastenMaster TigerClaw Gun or using a drill. CONCEALoc® provides a fastener-free surface. Designed exclusively for TimberTech® grooved deck boards.

HIDDEN FASTENERS FOR SQUARE SHOULDER BOARDS

CORTEX® FOR AZEK

CORTEX®

Hidden fastener system featuring a high-quality, ACQ approved, specialty deck screw with a Torx® ttap® drive system. Included plugs are made from TimberTech® Decking to hide the fastener. Best hidden fastener for stairs and perimeter boards.

Not for use with scalloped boards

CORTEX® FOR PRO & EDGE

SIDELoc™

Designed exclusively for TimberTech® AZEK® square shoulder, capped polymer deck boards. Hidden fastener system with superior holding power that requires no pre-drilling for installation. SIDELoc provides a fastener-free surface by pulling the board to the joist from the side of the board.

Not for use with TimberTech PRO or TimberTech EDGE Decking
